The global pandemic might prevent us from traveling to our favorite industry events this year. But it isn't going to stop Prosci from doing its part to keep the change management momentum going in the field. Fortunately, the Association of Change Management Professionals shifted this year's event to a virtual conference, **ACMP Change Management Global Connect**—happening July 14-17, 2020. And Prosci is happy to serve as a top sponsor and exhibitor.

This annual event is for seasoned practitioners as well as those new to the profession. It serves to strengthen attendees' industry insight in the ever-evolving change management environment. Plus the event provides the latest professional tools and techniques to help practitioners and the organizations and clients they support.

In addition to being a co-sponsor of the event, Prosci is hosting a virtual exhibitor booth where visitors can swing by virtually for a variety of activities:

- **Solution Showcases** – such as “Prosci eLearning”
- **Live Demos** – like “The Prosci VILT Experience”
- **Live Chats and Meet & Greets** – with Tim Creasey, Prosci executives and others
- **Prosci-hosted Global Panel on Change Leadership** – Trends, Traps & Takeaways
- **Virtual Scavenger Hunt** – with cool prizes awarded!
- **Virtual ADKAR Glasses** – because adding filters to our selfies is fun

Come on by for one of our scheduled events, to engage with the Prosci staff, or to snag enlightening Prosci materials for your virtual briefcase. We hope to see you there!
